RENO REFRACTORIES, INC
RENO PUMP 90 LW/FF/SS

## TECHNICAL DATA SHEET

RENO PUMP 90 LW/FF/SS is a strong $2500^{\circ} \mathrm{F}$ insulating castable that can be installed by casting, pumping or shotcreting. Volume stability and low thermal conductivity gives a thermally efficient lining with minimal cracking.

RENO PUMP 90 LW/FF/SS has a density of 85-95 pounds per cubic foot.
