

TECHNICAL DATA

RENO REFRACTORIES

RENO LADLE VIB 80 DRY

RENO LADLE VIB 80 (Dry) is a high alumina dry material formulated to be used as fill behind dolomite brick in ladles. **RENO LADLE VIB 80 (DRY)** has a small amount of oil added to reduce dusting.

SERVICE TEMPERATURE: 3100°F
MATERIAL REQUIRED FOR ESTIMATING: 145 lbs./cu. ft.
